

## **Learning MPs – December 2023**

### **What would you like for learning at Balfour?**

#### **General ideas**

- More choice over our learning – how we do it, which resources we can access
- Combining subjects e.g. art and English
- More partner projects
- More videos to explain things
- School trips to exciting places, trips indoors in the winter and outside in warmer months – at least one a term
- Individual tables so you concentrate more
- Greater opportunities for NPP
- Use Lego to support learning e.g. in DT, Maths
- Base our learning on the seasons
- Free learning time once a week where children decide what to learn about

#### **Subject specific**

- PE – more opportunities for team sports and matches especially football, 3x a week
- DT – more lessons please including cooking
- Science - learn more about space through videos and looking at the sky,
- History – we would like more lessons – 5 isn't enough! More drama
- Maths – play more games, use songs to learn times tables e.g. Percy Parker, more challenging times tables
- Languages – the opportunity to find out more about other languages e.g. French, Spanish
- Computing - less programming
- More learning about nature through even more nature school, planting seeds, learning about other trees
- English – more drama
